## CLASSIC

"Everything went off without a hitch and it was everything I hoped it would be and more. I don't think my wedding could have been any more perfect. We've gotten rave reviews from our guests about the hotel, food and service. Every time we come back to the cities we'll be staying at the Grand!"

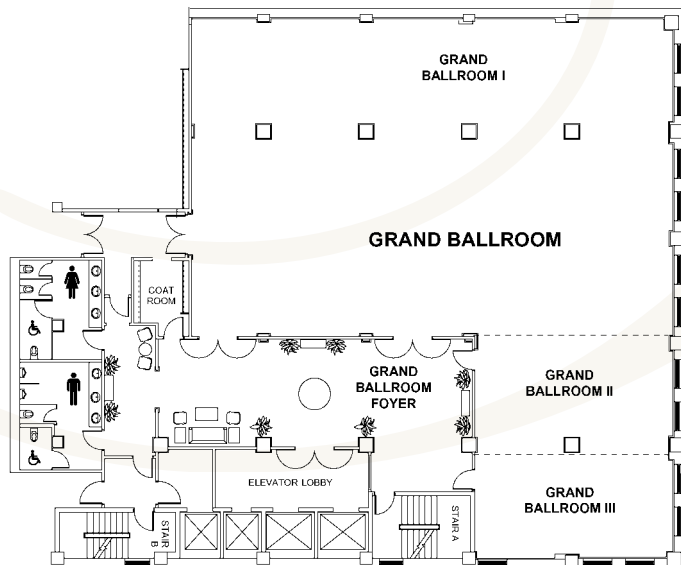

"Thank you and the staff at the Grand for an absolutely perfect wedding reception. We had a marvelous time, and got tons of compliments on the food, the service, the venue, and the rooms. It was flawlessly executed, and the whole time through the planning we were completely confident that it would all go well. The Grand was one thing we didn't have to worry about at all. We couldn't have asked for a better reception and are just so, so happy."

"I just want to drop you a HUGE THANK YOU!!! You had a very satisfied Bride and Groom, not to mention Mother and Father of the Bride. We may not be rich but you sure made us feel such graces. The elegance and the ambiance were fantastic!! We are so grateful for all your help and hard work."
